OUR VOICE

MONTHLY NEWSLETTER
FEBRUARY & MARCH 2021

PRINCIPAL'S MESSAGE

Dear Parents,

With the end of the academic year 2020-21, I extend my gratitude for yet another wonderful and productive school year. I wish to thank our parents who spent endless hours in volunteering, reading, organizing and doing whatever was necessary to support students—both at home and at school.

As we move into the Spring, we hope that the coming months will be a great time of learning and fun with family. It is also extremely important that students continue their growth in reading and literacy. Reading 20 minutes a day will allow students to build their language and vocabulary.

With lovely lasting memories of our little students (although virtually) in the past year we look forward to even better 'memory making' academic year ahead!

Fingers crossed! 🙌 😊

Thank you again for all your support and encouragement this year. Have a great break!
Stay safe! Stay healthy!

With best regards,
Rashmi Nagendra
Principal, Kindergarten

EDITOR'S NOTE

"The school must go on!"..... And it did! 

Happy and elated to have 'well played' our inning of the academic year 2020-2021! An amazing year of innovating different styles of learning, planning and self- discovery! One is what one Reads! And to make our little ones that 'someone', we celebrated the Month of Reading. Inspired them with love for books through a variety of literature activities and Story time sessions throughout the month. Aimed at making our little Ambassadors avid readers for life!

'I am special' as it suggests was indeed a special event to showcase the dynamic talent of our little ones through various acts and performances. Wow! You are unique my dear! Moving on....literally....transitioned our batch of Kindergarten 2 for an easy move up the levels of Primary sections through virtual interaction and interesting engagements by the grade 1 teachers! Fresh vibes of 'Coming Soon' is all around in the air! Hard truth but a fact of life.....Life must go on!

A pleasant conclusion, would say to the year gone by with hopes of better years ahead!

All this and much more in this edition!

Until then.....Happy Reading and Happy Holidays!

Ms. Deisha Dass

WOW MOMENT

“Sometimes you will never know the true value of the moment until it becomes a memory”.

That's what happened with me when we had our Online "I am special event."

All the students were excited to showcase their talents. Some danced, sang beautiful songs, some made their own lyrics, performed gymnastic, displayed paintings, did amazing block building, played piano...etc.

Wow moment for me was when one of the children displayed the comic book created by him. He made a comic book about his adventure with his little brother into to rainforest. The best part was that he was the author, the illustrator and the narrator of his own story.

His story included everything that is important to create a comic book like the goal of main character, believable setting, good beginning, middle and end to the story. In all the pages his characters were constant and beautifully illustrated. There were also sound effect words which made the story even more exciting.

It is amazing to see great development in my students' understanding from writing letters to creative their own sentences.

Ms. Roopa Kotian

PRE KG

In **Literacy**, it was all about phonics and sounds of letters along with vocabulary building through complex words.

Math was all about backward counting of numbers, Missing numbers, Compare numbers-More & Less, Compare objects-tall & short/big & small!

Different Seasons and various STEM activities were the main topics covered in the **Understanding of the world!**

Literacy

PRE KG

Math

Understanding of the world!

TRANSITION

A brief Transition program was held by the grade 1 teachers for Kindergarten 2 students to acquaint themselves with each other with a further understanding of their upcoming classes!

MONTH OF READING

March is the month of reading in the UAE! A variety of reading activities and reading tasks were spread across all grades to promote the benefits and importance of Reading!

It was Caption writing and Reading along with rhyming words and diagraphs in **Literacy**.

Fun with Math!

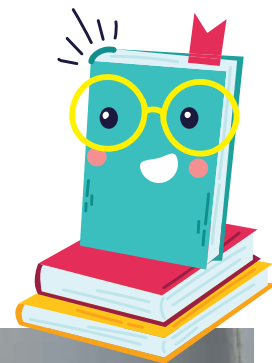

Math was all about Counting and values 21-30, Number names 1-10, Learning Time and Pictograph!

Understanding of the world!

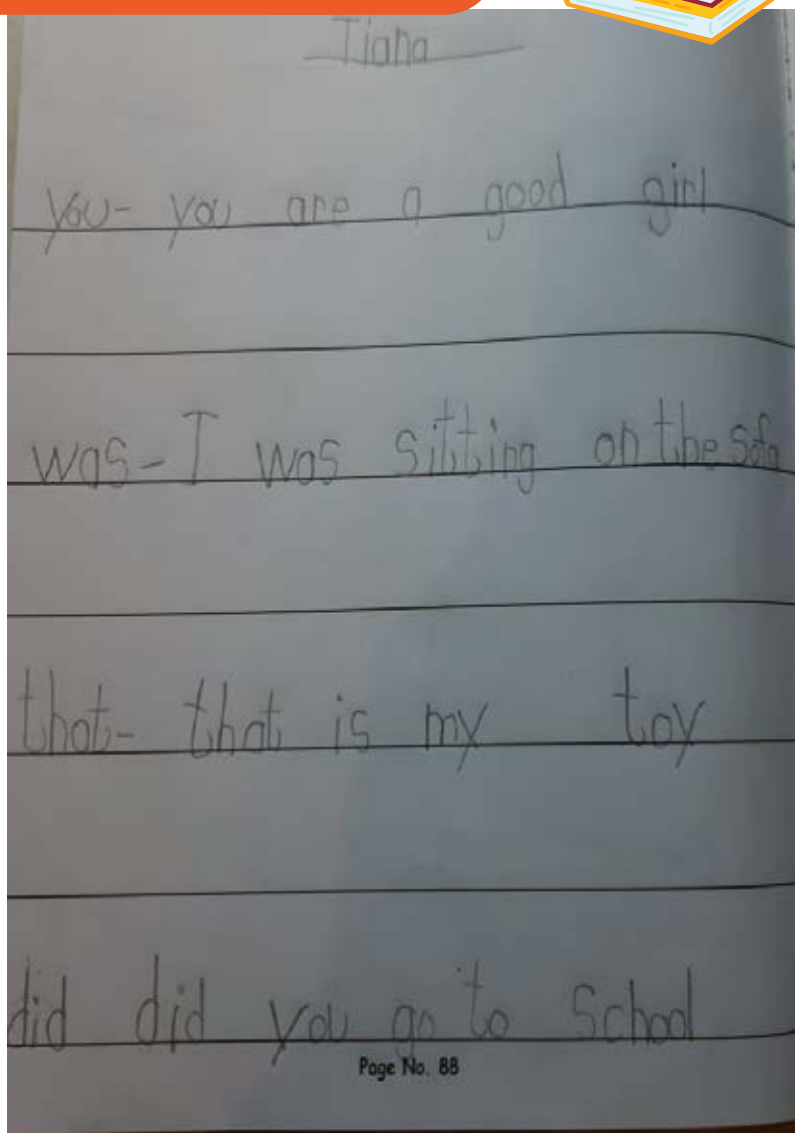

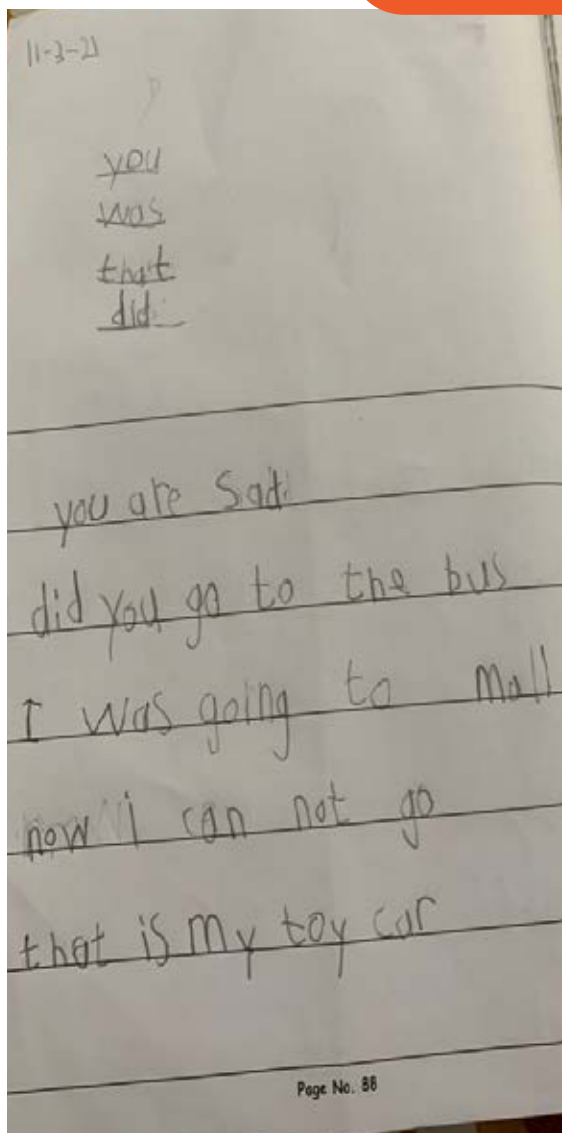

STEAM activities.

Social studies!

Learning all about the contributions made by HH Sh. Zayed bin Sultan Al Nahyan!

My special moments in Kindergarten

I got a 'medal' when I was in pre kg. That was my 1st special moment in kindergarten. My special moment in kg 1 Anita maam gave me a 'improved note' that was my big day. Now I am in kg 2 every thursday when we read kipper story book an shubha maam says 'good job rajveer' that's my special moment.

I like my kindergarten very much.

STUDENT'S ARTICLES

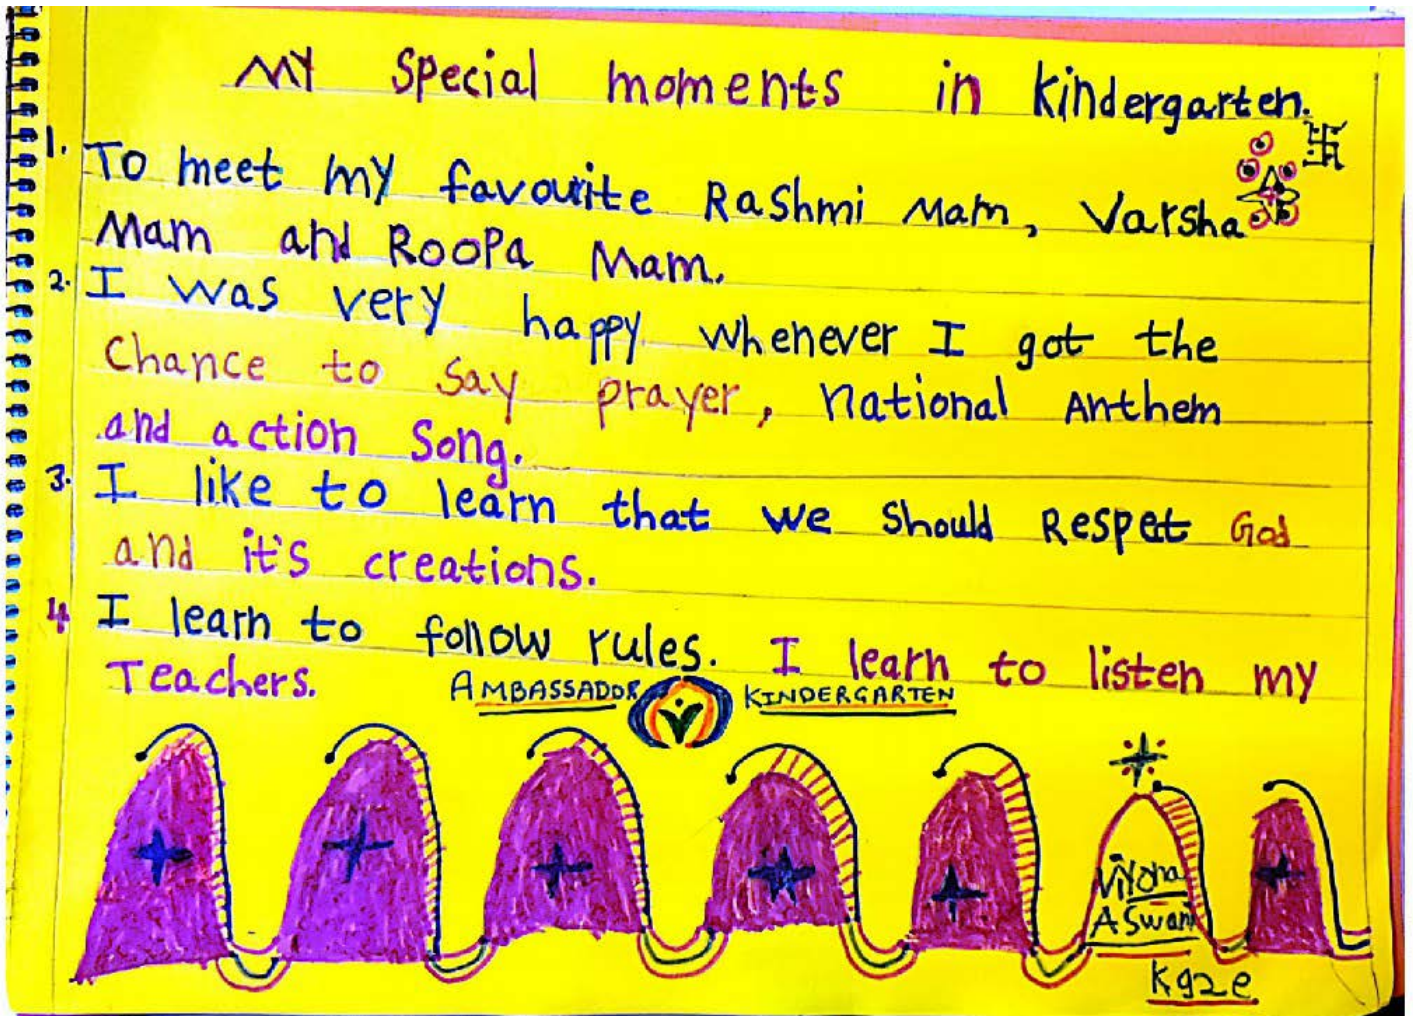

My favourite moment of kindergarten is...

When I went back to class after lockdown. I was so happy to meet my teacher and friends.

I was missing playing outside when we had online class but I am happy that we are allowed to use the school playground now.

Saanvi S. Deshpande
KG 2-E

STUDENT'S ARTICLES

Literacy activities engaged them with Opinion writing skills.

Math was all about reading Digital and Analog clock.

In **UOW**, it was all about gaining scientific understanding through STEAM activities!

In **SST**, students gathered knowledge about the Wadeema Law, energy sources in the UAE and Water conservation.

UAE SST

SST Activity 9
 Objective: To know, understand, identify and name famous personalities and their contributions to UAE.
 Activity: Learners will view a PPT related to famous personalities in the UAE and their contributions. They paste pictures and label them. (For e.g. Sheikh Mohammed bin Rashid Al Maktoum and Hazza Al Mansouri).

He is the father of the nation. He united the nation.

He is the vice president and prime minister of UAE.

He is the crown prince of Dubai.

He is the first athlete from UAE who visit to space.

Page No. 18

SST Activity 14
 Objective: Learners will be able to recognize the basic concepts and types of economics (natural resources, available resources, limited resources).
 Activity: Learners will reuse through a PPT the renewable and non-renewable resources present in UAE. They will cut and paste pictures appropriately.

Non-renewable	Renewable
 Coal  Oil  Fire	 Water  Sun  Wind

SST Activity 12
 Objective: Learners will be able to show his/her role in conservation of Natural resources.
 Activity: Learners discuss the importance of saving water, electricity, food and other natural resources. (For e.g. make a poster titled 'SAVE WATER IN THE UAE')

Turn off the water when you brush your teeth. Take shower for 5 mins. Fix all the leak pipes and taps. Wash full loads of clothes. Use a bucket to clean the floor.

SAVE WATER

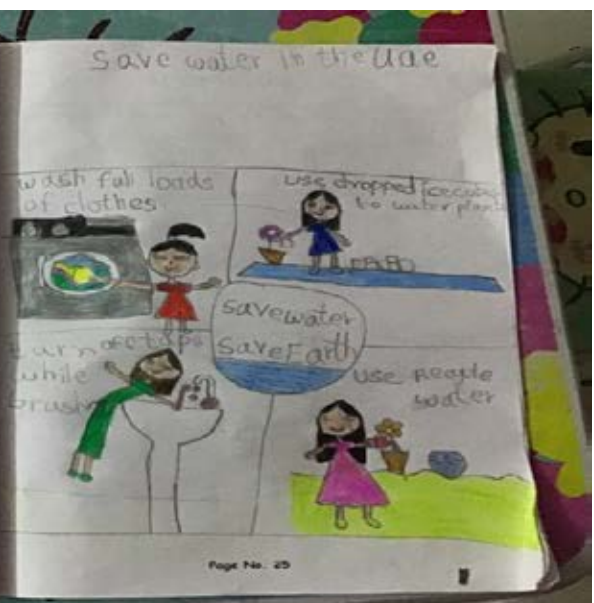

SST Activity 12
 Objective: Learners will be able to show his/her role in conservation of Natural resources.
 Activity: Learners discuss the importance of saving water, electricity, food and other natural resources. (For e.g. make a poster titled 'SAVE WATER IN THE UAE').

Water is very important for us. We need water. Don't waste water. Use less water. Turn the tap off when you don't need water. When you accidentally drop ice cubes on the floor don't throw it in the sink. Put it in the plants. Save water. Save Earth.

I AM SPECIAL

A special event was organized to showcase and hone up the unique talents and public speaking skills for our students. It was a fun filled and a colorful event to mark the last day of school.

CO-CURRICULAR

In **Sensory Gym**, the Pre-kg and KG 1 students had Pegs and torn paper activity, Ball and Paper activity, Ball and Number Game as well as Thread activity for overall fine motor skills and gross motor skills.

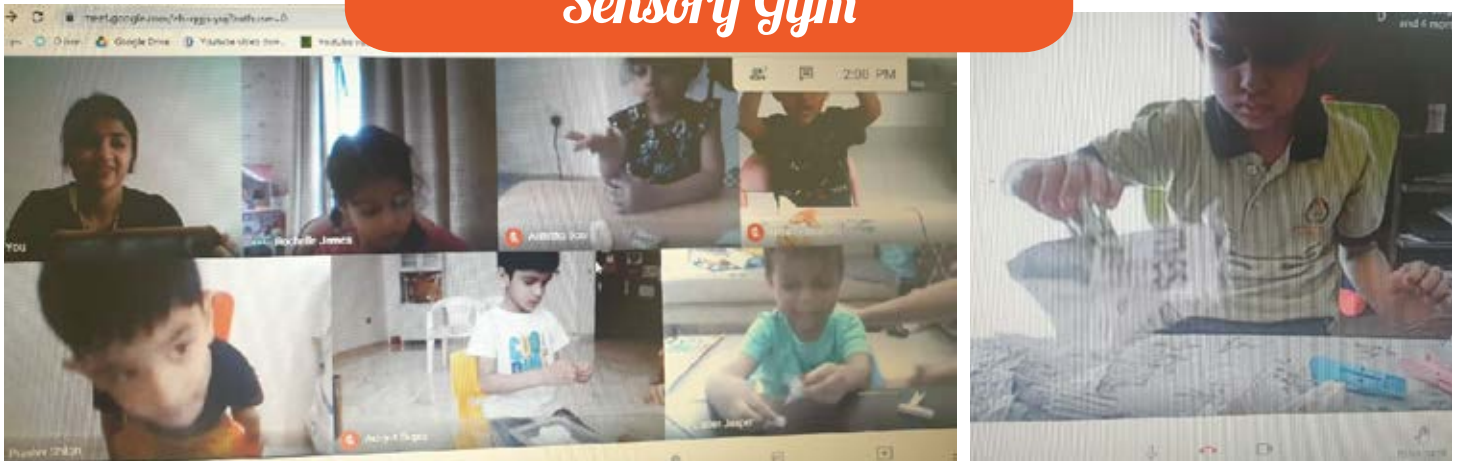

Art had our students learn Step by Step drawing related to different shapes.

Library had loads of fictional, non-fictional and interactive story time enhancing language, imagination and listening.

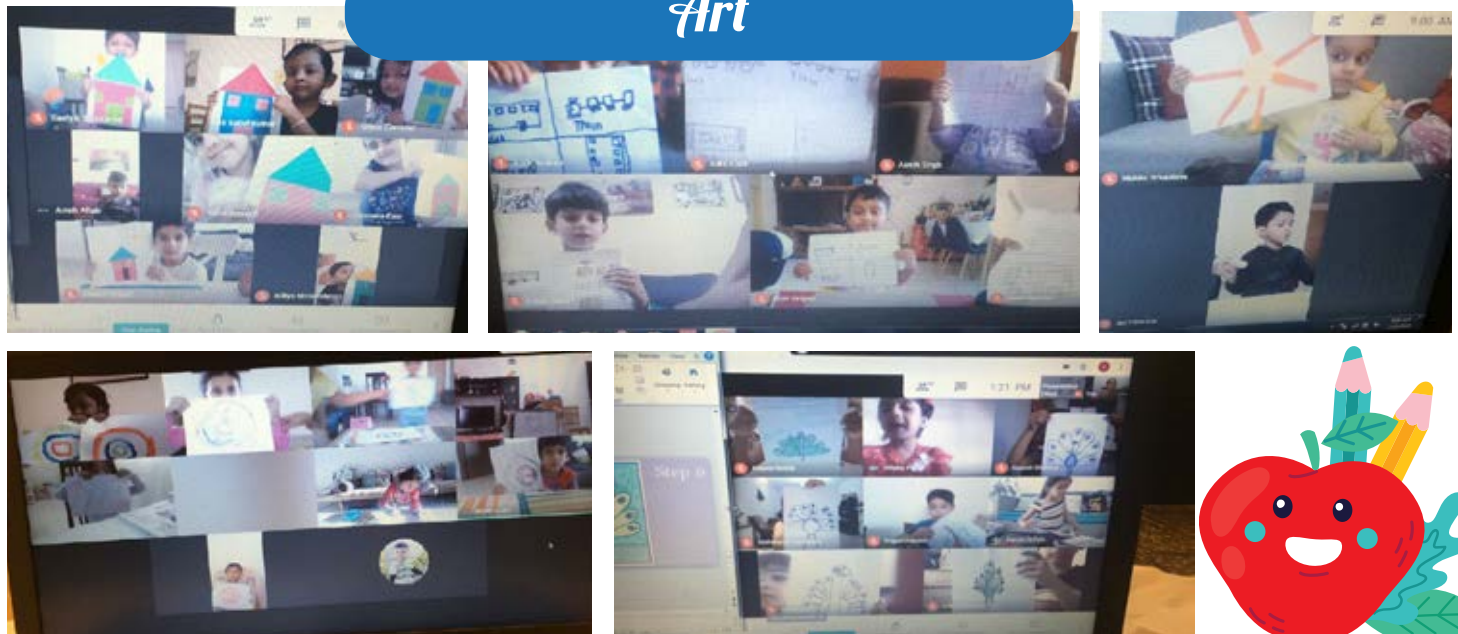

Yoga had asanas such as Twisted triangle pose, Lord of fish pose, One leg forward bend pose, Warrior pose, Plough pose while a recap of all previous asanas.

The **Music** class in Pre Kg hummed the songs 'Transportation' Song and 'Season' songs. The KG 1 had songs of 'The Eco Green' and the 'Machine in Motion' while the KG 2 students have learnt 'Bob the builder' and 'Making a difference' Songs.
